

## PVC Free Foam Sheet Making Business.

Dear Readers,

India is a land of unlimited opportunities. There lies one more opportunity in PVC plastic processing.

PVC Free Foam sheet / board making : Size: four feet wide ( 1220 mm ) and 1.8 to 4.8 mm thick.

Density: 0.3-0.5 GCC

**Applications: Advertisement board, decorative board. Can also be used as normal light weight smaller sized partition board . Can be best used as false ceiling, uncolored or even best colored.**

What to use as Basic Machinery :

- 1) Extrusion line use PLC Computer Control which is much easier to operate and saves labor.
- 2) Best of the electrical and electronics in the machinery.

Important Data:

Connected load needed	300 HP
Production possibility	350 Kg/ Hour
Plant space needed	7000 Sq Feet
Investment needed Approx	Rs.
Building cost	4900000
Land cost approx. Apportioned for the Project cost calculations.	7500000
Machinery needed	14111500
Electricity Board cost	1500000
Panel + Cables Approximately, assumed on Higher side.	500000
Water pumps, facilities + Air compressor, piping, Et-cetera	200000
Installation cost, Unloading, Transport, all other needed costs.	1000000

Applications are unlimited.

And importantly, Per Kg purchased Plastic material and CaCO<sub>3</sub> is sold on per square foot basis! And so High Profitability. Unlimited market and hardly any maker in INDIA. Absolutely new developing market.

**Again advantages:**

- 1) Termite and water proof.
  - 2) No need to color or varnish
  - 3) No need of time consuming carpentry
  - 4) No need to maintain regularly
  - 5) 100% and easily recyclable and so no issue of idle Scrap generation.
  - 6) Cheapest possible source to replace wood,
  - 7) Can easily be sprat painted and can thus cater to wider sections of users.
  - 8) Can replace wood, asbestos and many other traditional, costly, time consuming materials.
  - 9) Can be printed, laminated.
  - 10) Easily Sizeable as per needs of width or length.
-
