

Luggage box sheet making

Step One: is to extrude the sheets through a one/two/three layered sheet.

Step Two: The sheets so made shall be molded in sizes and shapes.

Step Three: The edges are cut.

Step Four: The boxes are then punched for holes to accommodate strollers.

Step Five: Hardware fitting is the last step. Stroller fitting, chain mounting, handle mounting et-cetera.

WHY MAKE IN BHARAT?

About Rs. 6500 Cr. worth of BHARTIYA Luggage market consists of 50/50 for organized and unorganized sectors and this unorganized sector offers a nice push to go in for this project.

The unorganized segment within India luggage and bags has been traditionally dominating in terms of revenue.

Post covid

The market is growing at 18% CAGR.

Post covid, the data and estimates of many have changed drastically.

To start the project what do you need?

+VE
Kamal shah

Just Rs. 2.5 cr. Approximated worth of machinery + utilities,

About Rs. 2 cr. Needed for working capital as well.

About Es. 2 Cr. for land and building should suffice.

This is ever needed product and the replacement cycle for the product is at about 5 to 7 years among younger generation in BHARAT.
